

Living Range

STUDIOS & CABINS

Extend your living spaces with our Living Range.
Designed and built to the highest standards, these
studios and cabins are quality from the outside in.

We use  COLORSTEEL

Get the extra space you need when you need it.

Strong, functional and weathertight, our Living Range cabins are the perfect option to extend your living space. Need a place to work from home, a sleepout or a hobby room? Start with one of our base designs, add upgrades if required, and enjoy a space built to suit your needs.

Built with genuine COLORSTEEL®

COLORSTEEL® MAXAM™ is high quality, durable and low maintenance to resist against harsh NZ environments, representing the perfect blend of form and function.

Strong foundations

Purpose built H4 4x2 base is standard providing a strong foundation for you cabin

Installation included

Forget the flatpack - No kitsets here! Our pricing includes installation by our professional team.

Timber framed and ready for lining

With internal framing and building paper in the walls and ceiling, our base models are ready for the finish of your choosing.

Plywood flooring that lasts and lasts

H3 18mm plywood flooring for a tough and durable floor.

Quality NZ joinery

We use quality New Zealand made aluminium windows and doors sourced from trusted local suppliers and designed and built to New Zealand standards.

Custom sizing available

If one of our base model sizes doesn't suit your space, we can customise the size and layout to suit your site.

Colours

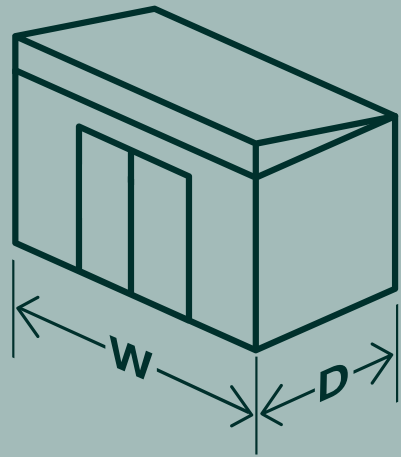

We stock the full range of genuine COLORSTEEL® MAXAM™ colours giving you the opportunity to make a choice that works with your surroundings and reflects your style.

Choose your perfect cabin by starting with one of our standard sizes below, or customise to suit - the choice is yours.
